BUFFALO COUNTY BOARD OF SUPERVISORS BUFFALO COUNTY BOARD OF EQUALIZATION TUESDAY, JUNE 23, 2009 9:00 A.M.

The Buffalo County Board of Supervisors and the Buffalo County Board of Equalization met on Tuesday, June 23, 2009 at 9:00 A.M. and 10:15A.M. Chairman Pierce called the meeting to order and led those present in the Pledge of Allegiance. The following Board members responded to roll call: Horace Dannehl, Kent Greder, Ivan Klein, Timothy Loewenstein, William McMullen, Sherry Morrow and Richard Pierce. Chairman Pierce announced that in accordance with Section 84-1412 of the Nebraska Revised Statutes, a current copy of the Open Meetings Act is available for review and is posted at the back of the Board Room.

Posting and publishing gave notice of the meetings in advance, thereof. Notice of the meetings was simultaneously given to all members of both Boards; and availability of the agenda was communicated in the advance notice and in the notice to both Boards of this meeting. Said agenda was also furnished to all area news media. A copy of the acknowledgment and receipt of notice and agenda by the Board members is attached to these minutes. County Clerk Janice Giffin took all proceedings hereinafter shown while said meeting was open to the public. Deputy County Attorney Melodie Bellamy was present.

Chairman Pierce called for Citizen's forum and Ethel Jacobson addressed the Board of Supervisors. Jacobson had questions regarding her property valuation notice and County Assessor Joe Woodward was called to the Board meeting. After discussion, it was suggested that she file a formal protest and that the Board of Equalization would hold a hearing to revisit the assessed valuation of the property in question.

Chairman Pierce then called for Activity Reports from the Elected Officials and Department Heads. Present for reports and discussion were Extension Educator Brian Bosshamer and Veterans Service Officer Williams.

CONSENT AGENDA

Chairman Pierce inquired if there was anything which needed to be removed from the Consent agenda. Supervisor Loewenstein asked that all of the Vendor Claims submitted be held for approval until an additional claim could be processed in this fiscal year. Chairman Pierce declared the General County Business listed below approved without further hearing and the Board will return to the Vendor Claim approval.

NOW, THEREFORE, BE IT RESOLVED BY THE BUFFALO COUNTY BOARD OF SUPERVISORS, to balance the Budget for Buffalo County for the fiscal year 2008-2009 that \$2,500.00 be transferred to the Board Budget and \$31,000.00 be transferred to the Jail Budget; with transfers to be made from the General Miscellaneous budget.

Moved by Morrow and seconded by Greder to approve the following Resolution 2009-41 to close the Unemployment Fund and to transfer that activity into a General Fund line item. Upon roll call vote, the following Board members voted "Aye": Morrow, Greder, Dannehl, Klein, Loewenstein, McMullen and Pierce. Motion declared carried.

RESOLUTION 2009-41

NOW, THEREFORE BE IT RESOLVED, the Unemployment Fund will be closed as of June 30, 2009.

BE IT FUTHER RESOLVED, the County Treasurer is directed to transfer all money remaining in the Unemployment Fund on June 30, 2009 to the General Fund. The County Treasurer is further directed to automatically transfer any future collections for the Unemployment Fund directly to the General Fund.

ZONING

The first Zoning Agenda item was application for a Minor Subdivision submitted by Josh Bondegard and Stephanie Bondegard for property described as Lot 9, Woodland Acres, part of Lot 6, Linger's Subdivision, located in the SE 1/4 of Section 36, Township 9 North, Range 14 West of the 6th p.m., Buffalo County, Nebraska shown as Tract A and Tract B. Deputy County Attorney Andrew Hoffmeister, Zoning Administrator LeAnn Klein and Century 21 Real Estate Agent Patrick Slack were present. Hoffmeister reviewed the draft resolution with the Board. Moved by Klein and seconded by Greder to approve the application for the Minor Subdivision in Woodland Acres with the following Resolution 2009-42. Upon roll call vote, the following Board members voted "Aye": Klein, Greder, Dannehl, Loewenstein, McMullen, Morrow and Pierce. Motion declared carried.

RESOLUTION 2009-42

WHEREAS, Josh Bondegard and Stephanie Bondegard filed for a minor subdivision change for lot line for Lot Nine (9), part of Linger's Subdivision located in the Southeast Quarter of Section Thirty-Six (36), Township Nine (9) North, Range Fourteen (14), West of the 6th p.m., Buffalo County, Nebraska with the Buffalo County Clerk and/or Zoning Administrator, and

WHEREAS, the Zoning Administrator forwarded this application to this Board, and

WHEREAS, on June 23, 2009 this Board conducted a public hearing considering this request and finds:

- 1. The proposed minor subdivision change concerns property situated in the Agricultural (AG) Zoning District for Buffalo County, Nebraska. The lot involved in this request was laid out prior to the effective date of Buffalo County's Zoning Resolution. The lot proposed to be split will create two parcels. One or more of these two parcels are noncompliant lots because Parcel A is a 1.4-acre lot which is insufficient size for the AG Zoning District, additionally Parcel B, although being 3.0-acres, has an occupied residence and is located within 1,000 feet of another residence. Additionally, the access road for these parcels, Woodland Road, is a street laid out in a subdivision that is not sixty-six feet or wider as required by Buffalo County's Subdivision Regulations. On June 11, 2009 the Buffalo County Board of Zoning Adjustment granted a variance relaxing these provisions of the Buffalo County Zoning Code to allow this lot split and its minutes have been reviewed by this Board at the public hearing together with the limitations that Adjustment Board placed on Parcel A.
- 2. The proposed minor subdivision change reflected on survey given to this Board fulfills Buffalo County's Subdivision Resolution requirements for minor subdivision changes specifically allowed under Section 3.20 together with other provisions applicable thereto.
- 3. No public utilities easements along lot lines are being moved.
- 4. The proposed minor subdivision change should be approved as laid out on survey submitted to this Board.

NOW THEREFORE, BE IT RESOLVED BY THE BUFFALO COUNTY BOARD OF SUPERVISORS that proposed minor subdivision change concerning the legal tracts previously identified is approved and the Chairperson of this Board and all other Buffalo County zoning officials are authorized to sign and file the proposed minor subdivision change.

Chairman Pierce reopened the public hearing for a special use permit at 11:10 A.M. for Mark Meyer and Onion Crest LLC for aircraft hangars with residences. Deputy County Attorney Melodie Bellamy and Zoning Administrator LeAnn Klein were present. Mark Meyer, applicant was present to address the Board. Speaking in opposition to the special use permit were Ryan Page, Doug Deterding, Dale Rees, Pam Deterding, Kathy Ulrich, Ann Bauer, Mike Davia and Leroy Lammers. Chairman Pierce closed the public hearing at 11:57 A.M. Deputy County Attorney Bellamy reviewed the application for the special use permit and the issues that have been addressed that pertained to this application. Moved by Loewenstein and seconded by Dannehl to approve the following Resolution 2009-43 which is a denial of the special use permit. Upon roll call vote, the following Board members voted "Aye": Loewenstein, Dannehl, Greder, Klein, and Morrow. Voting "Nay": McMullen and Pierce. Motion declared carried.

RESOLUTION 2009-43

WHEREAS, Mark Meyer on behalf of Onion Crest, LLC. filed an application for special use permit with the Buffalo County Zoning Administrator on or about January 10, 2009, requesting a special use permit in AGR District for an AirPark Subdivision and Aircraft Hangers with Residences on a tract of land being part of the East one-half of the West one-half (E ½ W ½) of Section Eight (8), Township Nine (9) North, Range Sixteen (16) West of the 6th p.m., Buffalo County, Nebraska, more particularly described in the application and

WHEREAS, on March 19, 2009 following public hearings on such special use permit application, the Buffalo County Planning and Zoning Commission recommended approval of such special use permit on a seven (7) to one (1) vote, and

WHEREAS, on April 14, 2009 the Buffalo County Board of Supervisors held a public hearing on such application for Special Use Permit, and on June 9, 2009 held further discussion on said application, and thereafter, on June 23, 2009, held another public hearing for new evidence on said application,

WHEREAS, no protests were filed with the Clerk that would require a two-thirds majority of this Board to approve or deny the special permit and solely a simple majority is necessary to approve or deny such permit, and

WHEREAS, the Board after public hearing and review of the special use application finds:

- 1. This is an application for a special use permit filed by Mark Meyer on behalf of Onion Crest LLC. Applicant intends to use the subject property as an Airpark subdivision with up to sixteen (16) aircraft hangers attached to single family residences. This is in addition to the present use of the airstrip that was authorized by prior special use permit. Said residences are to be located along the east side of the existing Onion Crest Airport runway.
- 2. The findings and minutes of Planning and Zoning Commission and the Application for Special Use Permit together with attachments and exhibits as submitted should be and hereby are incorporated herein in their entirety as if set forth herein. Also included are photographs taken by the Buffalo County Zoning Administrator of the subject property and surrounding area(s) which were given to the Board as part of her report for review of this Board.
- 3. Applicant presently owns a private paved airstrip that is located on the subject property. Such airstrip is presently owned by applicant and he uses it weekly to fly to small towns to administer medical care. Presently there are two hangers near the airstrip, one used by the applicant and one used by another applicant pursuant to Resolution 2007-08 as amended.
- 4. The Applicant wants to sell 16 lots along the east side of the airstrip to other aviation enthusiasts, allowing others to enjoy the benefit of living with their airplane. In doing so, he would make the airstrip communal property operated by an owners association known as Onion Crest Owners Association, LLC.
- 5. Applicant has stated that the water system will be a community supplied system supplied by two wells, plus an already existing well that will be used for fire control. Sewer will be individual septic /drain field systems, with each lot to be given an easement to use the common area land in front of their partial out to the runway if necessary for sewer drain fields.
- 6. Tele-communications for a development will be wireless and are already in place and are being used at the site.
- 7. On April 14, 2009, Waylon Woods spoke in favor of the necessity of additional hangar space in the Kearney area.
- 8. At that hearing, Richard Miller, an aviation consultant hired by the Applicant, stated that this development would have landscaping and building requirements that were controlled by an Architectural Committee. He explained that this development, if completed, was an 8 million dollar project with very nice houses.
- 9. At that same hearing on April 14, 2009, six people addressed the Board in opposition to the special use permit. They cited concerns as to increased noise, lowering property values and degrading their quality of life. They also spoke of the lack of adequate fire protection in case of an accident and the increased use of the runway due to additional houses and hangers. Concerns were also voiced as to the storage of aviation fuel and other chemicals.
- 10. Many of these same people, and many others in opposition to this project, attended the Board meetings on June 9, and June 23, 2009 and voiced similar issues.
- 11. According to the Applicant, the airport traffic pattern will be altered to keep all aircraft that are taking off and landing at Onion Crest Airport on the east side of the runway and over agricultural land. As to how flight patterns would be monitored, enforced, and controlled is a concern to this Board. The fact that the Applicant notes the need to alter the airport traffic patterns would mean that personal aircraft flights over other persons' property can be expected and these flight patterns, due to noise creation and sudden visual sightings, are known to be a source of irritation to residential property owners who have property in close proximity to airstrips.
- 12. The subject property is located in the Agricultural Residential zoning use district on the Buffalo County Zoning Map. This district would favor development of medium density of small lot rural residences placed on 70,000 square foot to 3-acre lots. This residential density, with shared sewer and water systems could potentially have a maximum density of up to one residence per acre. The land around the airstrip to the west, north, and east is flat and directional draining. This surrounding land could easily accommodate high rural residential densities. Lands to the south of the proposed development are rolling hills and have rural residents living in this area. There are ample roads, paved and otherwise, that would sustain transportation needs of this rural residential development.

- 13. This airstrip is used by a commercial agricultural crop sprayer. This use existed prior to the passage of county zoning in Buffalo County. The extent of this usage was discussed at the various hearings held before the Board. The airplane using the airstrip for this purpose is not housed in a hanger, but seasonally lands and takes off from this airstrip.
- 14. Previously this Board has reviewed various development requests concerning this private airstrip. In March 2007 in Resolution #2007-008, the Board by special permit, allowed an additional hanger at this airstrip. Two aircraft were allowed in this additional hanger. These two aircraft were in addition to up to two other aircraft that then existed on the property. That hearing had some local concerns regarding air traffic over rural residential areas to the south of the airstrip. That particular special permit did not allow additional housing on the 3.02-acre parcel described in the resolution.
- 15. In November 2008, in Resolution 2008-065, applicant through special permit process proposed a professional airpark requesting 16 additional private hangers at this airstrip with residences. Part of the plan of development is to place some professional offices with the individual hangers and residences. The applicant thought that professional office use to the extent potentially planned would exceed permissible accessory use to the residences. This permit was denied for several reasons, some of which are mentioned as follows. It was commercial development in the AGR Zoning District although much of the office use could be considered accessory use. Also there was insufficient infrastructure for this type of development in that 100th Street, the primary access to that proposed development, was an RL-3 graveled county road and it was not believed to be sufficiently improved to sustain the increased traffic that development would cause. Additionally, the Board rejected that request because it believed that its development would cause a decrease in surrounding property values due to increased noise and air traffic.
- 16. Much of the regulation of accessory uses, upkeep of the properties, and internal regulation of the proposed airpark that is sought by applicant is to be done through covenants. Applicants state that the covenants will protect adjoining landowners from matters that concern these surrounding properties. The Board is not unmindful that covenants rely upon internal, private enforcement and are only as good as the private organization that enforces or changes such covenants.
- 17. The request before the Board is an expansion of use of a private airstrip that has been previously granted a special use permit that placed limitations on the development of this airstrip. Residential occupation as proposed by applicant is allowed as a use by right in the AGR District under parameters of Buffalo County Zoning Regulation, including but not limited to Reg. 5.1 (5). If certain criteria are fulfilled lot size of subdivided land can even be less area than what applicant proposes.
- 18. A private use airstrip is allowed in the Agricultural Residential District pursuant to Section 5.34 (13) as a special use permit. A private airstrip is not necessarily the same intensity of use as that of the airpark that is proposed. The zoning regulations do not specify what defines a private use airstrip. It can only mean what the terms mean in plain usual terms. Both terms, airstrip and airpark, mean the minimal existence of a landing strip. An airpark, simply by its name, imparts a meaning of more usage than an airstrip. This proposed airpark does not fit in with the surrounding community which is largely comprised of and will be increasingly more comprised of rural, small lot residences. Development of this airstrip from its now allowed four planes in two hangers to an additional sixteen planes in sixteen additional hangers causing twenty planes to be in hangers on site, plus an agricultural spray airplane and the accessory uses that will go with this type of development is a greatly intensified use. A private airstrip is operated under private administration controlled by its private owner, not a public body. Aircraft allowed to land, but not be housed on the facility is a foreseeable event. As a private airstrip its activity is controlled by the owner of the airstrip and not a public body that would be open and accountable to public inquiry and public monitoring. Visiting aircraft to this airstrip, which are foreseeable, will add to the intensity of use and its impact. The intensity of usage of this proposed airpark is not compatible with rural, small lot residential acreage development. The airpark if allowed to develop as planned would dramatically increase the usage of the airport. Such airpark and increased usage would increase the noise of the surrounding neighborhood and would negatively change the character of the neighborhood. Opponents and this Board strongly believe this planned development would be detrimental to surrounding property owners' peace and enjoyment of their properties. This activity if allowed to exist would diminish surrounding owners' property values. This activity would also discourage rural residential housing in an area that is well suited for increased residential density.

WHEREAS, the issuance of this special permit is found not to be in compliance with Section 6.2 of Buffalo County's Zoning Regulations now in effect, such special permit should not be allowed because the proposed use would:

- 1. Not be compatible with and similar to the use permitted in the district, and
- 2. Be detrimental to adjacent property, and
- 3. Not be compatible with the stated intended use of the district, and
- 4. Change the character of the district.

NOW THEREFORE, BE IT RESOLVED BY THE BUFFALO COUNTY BOARD OF SUPERVISORS by a majority vote of its members, this Board denies applicant's application for a Special Use Permit as filed to include a 16 lot airpark subdivision as shown in the site plan and supporting documentation submitted with the application and incorporated into this Resolution by this reference.
